Stewardship Kaleidoscope 2021

There are Multiple Ways to Participate this Year

This year's conference offers two great ways to participate in growing your stewardship practice. All participants will be able to join four plenary sessions and two worship times.

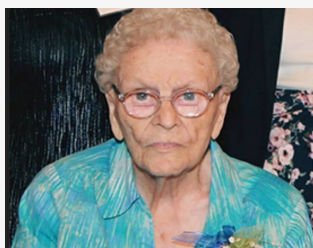

- Join us in person for more than two dozen workshops choices and opportunities for connecting with colleagues from across the country.
- Logon virtually and participate in four workshops in addition to plenary and worship.

If you plan to attend in-person we are offering group pricing that will allow more people from your congregation to attend together, to learn together, and to take home tools for expanding generosity.

[Register Here](#) for either in-person or virtual options. Find out more about the conference at StewardshipKaleidoscope.org.

Early Bird pricing ends August 1st – register soon to get this discount!
